★ **79 Honda cx500c bobber - \$1500** 

image 1 of 7

I have for sale my 79 Honda cx500c. Solo seat and monoshock conversion have been done to it. Rae san hall affect sensor ignition (fully updated cdi ignition) and it has a motogadget m-unit to control and power all other electronics. Lots of time and lots of money has been put into this but it

still does not run. Motor has been gone through even and checked. That being said my asking price is 1500 or best offer. Clean title. You can call or text me at [show contact info](#)

**1979 Homda cx500c**
